Complete Cleaning and Hygiene Solutions !!!

SUPER MULTI-PURPOSE CLEANER

SUPER MULTI PURPOSE CLEANER is a unique revolutionary cleaner and safe for use on a variety of surfaces for a multitude of cleaning problems. Specially formulated to cut through grease, dirt, grime, and fatty deposits quickly and efficiently and it penetrates and loosens organic soiling. Suitable to use for everyday cleaning tasks, as well as, heavier duty challenges. The Canadian formula helps you to achieve professional results. Ideal for all your cleaning needs since it's versatility is amazing. So no need to buy fifty different products for fifty different jobs, when all you need is **SUPER-CLEAN**. It will save money and time..

Note: The ratio of 30:1 for general cleaning is for the first application. For routine maintenance dilute **SUPER CLEAN** even further

GENERAL CLEANING

SUPER CLEAN may be used as a general all purpose cleaner. Use **SUPER CLEAN** with 30 parts water. Spray substances as counter tops, furniture, paneling walls, upholstery ,appliances ,light fixtures etc. Wipe dry with clean cloth or towel.

TO SHAMPOO FOR CARPET MACHINE

1. Vacuum before shampooing.
2. Use 50:1 mixture with water (10:1 if very soiled)
3. Add solution to holding tank in machine
4. Shampoo entire carpet
5. Remove excess moisture from carpet with towels or vacuum if necessary

TO CLEAN CARPET WITHOUT MACHINE

1. Vacuum carpet
2. Dilute **SUPER CLEAN**
3. Apply with soft bristle brush or sponge mop to loosen soil
4. May wipe with clean towel if necessary on badly soiled areas
5. Vacuum

TO CLEAN GENERAL FLOOR CLEANING

1. Dilute **SUPER CLEAN** the key 30:1 in bucket with hot water
2. Mop floor ,let sit for 3- 5 minutes.(excellent with floor buffer)
3. Mop back-up ,no rinsing
4. For heavy wax build-up 10:1 and let sit for 5 minutes

TO CLEAN OVENS

1. Dilute **SUPER CLEAN** 30:1 or for badly soiled ovens 10:1.
2. Pre -heat oven to warm temperature. Apply **SUPER CLEAN** to oven for a few seconds and wipe.

CLOTHING AND PRE- WASH

1. Dilute **SUPER CLEAN** 20:1 (10:1 if heavily soiled)in a spray bottle.
2. Spray on soiled area, scrub with soft brush .
3. Rinse and clean in washing machine.

CAR UPHOLSTERY

1. Vacuum upholstery .
2. Dilute **SUPER CLEAN** 20:1 in a bucket .
3. Apply with a towel /brush over soiled areas .
4. After 5-10 minutes wipe away with clean towel and vacuum excess soils away.

DEFOGGING GLASS AND MIRRORS

1. Apply **SUPER CLEAN** with spray bottle at 120:1 solution .
2. Use a clean dry cloth to buff glass completely .(some uses are windshields , eyeglasses, bathroom mirrors , scuba face masks ,ski goggles etc).

INSTRUCTIONS

SUPER CLEAN can be used in various ways in solution ,it can be applied with a spray bottle .there are times too when it can be use for dipping or steam cleaning.

DIPPING

SUPER CLEAN may be used for dipping to remove carbon deposits from piston heads , epoxy glue, surface rust and heavy degreasing. Some examples are engines , spare parts ,metals (finished or un finished) and many other tough problems.

1. When dipping use a 7:1 solution and soak for approximately 2 hours .
2. Remove from solution and rinse with water to remove light oil film if necessary.

STEAM CLEANING

SUPER CLEAN can be used in steam cleaners to do such jobs as paint work ,floors, engines and all types of heavy machinery .

1. Add **SUPER CLEAN** to tank in a 50:1 solution ,for pressures 100 P.S.I and lower.
2. For additional pressures
200 p.s.i ,,,increase solution to 60:1.
300 p.s.i ,,,increase solution to 70:1.
400 p.s.i ,,,increase solution to 80:1 to 140 :1.

TO DEGREASE CAR ENGINES

1. Dilute **SUPER CLEAN** to 7:1 with water .
2. Spray on engine or engine parts.
3. Let stand 5-15 minutes .
4. Rinse with pressure hose or garden hose.

PAINT OXIDATION AND OVERSPRAY

SUPER CLEAN maybe used in place of rubbing compound for removal of paint oxidation.

1. Oxidation : work in sections. Completely coat the section in 17:1 solution ,not allowing the chemical to run into other sections. Then buff in a circular motion with a clean, dry cloth. In this way **SUPER CLEAN** will restore the paint to its natural luster.
2. Paint Overspray : Apply **SUPER CLEAN** in a 7:1 solution to a dry cloth and rub the desired area. This will remove the paint overspray and will not damage the original paint.

PRINTING

SUPER CLEAN may be used to replace blanket wash or other chemicals used to clean printing equipment .

SUPER CLEAN is a petroleum butyl base 1 which is extremely good for rubber articles.

1. It can be applied in a spray form or directly with a cloth in a 10:1 solution.
2. **SUPER CLEAN** can be used on the painted machine to remove inks, with no adverse effect to the paint. Also ideal for removing ink from the hands and cloths.

PRECAUTIONARY STEPS

1. Always mix **SUPER CLEAN** with water ,sea water if it is the only source available may be used .the product should not be used stronger than a 5:1 solution .
2. Always test for colour-fastness when using **SUPER CLEAN** on fabrics, keep this in mind you will find **SUPER CLEAN** economical ,quick and easy to use and may be even fun!
3. Write us for more information on its use in undertaking special projects.
4. **SUPER CLEAN** is not available through stores ,call our company representative .
5. Do not use on silk , satin , suede or wool.

NOTE :-This product is not for Re-sale, any person found violating this clause in liable or prosecution.

SUPER A 40

Short Description : All purpose concentrated biodegradable detergent which wipes away dirt and grease stains, soap scum, heel marks on most washable surfaces. Pleasantly Perfumed.

Dilution : 1:15 -20 1:10

Recommended for : Floor Scrubbing, Wall Cleaning, General cleaning. Heavy soiling on ovens, trays kitchen etc.

Short Description : Kills a range of bacteria Disinfection of sinks, drains, toilets, urinals

Recommended for : Safe on all surfaces, ideal in wash rooms

Pack Size : Ctn (5 ltrs x 3 gal)

SUPER PINE

SUPER L-TOUCH

Short Description : Kills a range of bacteria Disinfection of sinks, drains, toilets, urinals

Recommended for : Safe on all surfaces, ideal in wash rooms

Pack Size : Ctn (5 ltrs x 3 gal)

3P

R. 30 - 50

The positive trolley

Il nuovo carrello strizzatore **UNICO** nel mercato con base divisa in 3 pezzi. The new wet mop trolley in the market with base in 3 pieces.

mm. 610x425x665 h
mm. 440x425x608 h
Kg. 25,3
0,13 m³

Art. 7009030.23 - lt. 30
Art. 7009050.23 - lt. 50

Conveniente: buon rapporto qualità e prezzo. **Pratico:** si assembla in pochissimi secondi senza utilizzo di viti semplicemente ad incastro.

Taglia le spese di trasporto: la base del carrello, divisa in 3 pezzi, consente di ridurre notevolmente la dimensione dell'imballo utile ottimizzando al massimo le spese di trasporto. **Facile da trasportare:** il 3P rispetto ad un carrello equivalente con base monoblocco. **Small dimensions:** the trolley base is divided in 3 pieces and so the package turns out smaller than a similar wet mop trolley. For example it's possible to fit a 600, 130 m³ and/or 4x4, 160 m³ box containers with 60% trucks (more).

Pratico: si assembla in pochissimi secondi senza utilizzo di viti semplicemente ad incastro. **Facile da trasportare:** il 3P rispetto ad un carrello equivalente con base monoblocco.

Colorato: è disponibile nei graduali colori verde, giallo, arancione e blu per consentire inoltre di designare il carrello in differenti aree. **It's coloured:** the 3P trolley is available in 4 colours: green, blue, yellow and orange. So each trolley is can be designated in different cleaning area.

Conforme HACCP: come tutti i carrelli di ultima generazione Euromop, 3P ha la struttura e le ruote in polipropilene. Si pulisce con estrema facilità grazie agli angoli arrotondati del telaio. **HACCP conformity:** as all our latest trolleys, even the 3P is totally made of polypropylene including the castors. It's easy to clean thanks to the rounded edges of the base.

Dimensioni ridotte: le dimensioni del carrello sono molto contenute e il contenitore è flessibile mono-blocco. **Small dimensions:** the trolley is very handy thanks to reduced dimensions.

OPERATIVES DILUTION CHART

إكسبو 2020
دبي الإمارات العربية المتحدة
DUBAI, UNITED ARAB EMIRATES

TECHNICAL INFORMATION

DILUTION RATES for detergents or disinfectants used in the cleaning industry are normally expressed as a ratio, e.g. 1:5, 1:10, 1:50, 1:100. The ratio indicates that 1 part of neat product should be added to an amount of water corresponding to the indicated dilution rate as follows:-

1:5	1 part of neat product to each 5 parts of water
1:10	1 part of neat product to each 10 parts of water
1:50	1 part of neat product to each 50 parts of water
1:100	1 part of neat product to each 100 parts of water

Product Name	Application	Dilution Ratio	Cleaning Functions
	General Cleaning	Light Duty : 1:30 Heavy Duty : 1:10	All purpose concentrated biodegradable detergent which wipes away dirt and grease stains, soap scum, heel marks on most washable surfaces. Pleasantly Perfumed. Recommended for floor scrubbing, wall cleaning, general cleaning, heavy soiling on ovens, kitchen trays etc.
	Hand Washing	Use neat product	SUPER HAND SOAP with antibacterial ingredient is developed to clean hands effectively for the people of different walks of life. Ideal for use in offices, schools, hotels, hospitals etc. It has a pleasant smell of Rose, and does not contain abrasives or harsh chemicals. Avoid drying of skin and does not irritate cuts or scratches.
	Disinfection	Light Duty : 1:20 Heavy Duty : 1:10	It is a powerful surface disinfectant which reliably combats bacteria, viruses, yeasts and fungi. Eliminates even the toughest odor causing bacteria and provides the clean fresh Rose smell. Recommended for disinfection of sinks, drains, toilets, urinals, washrooms and showers.
	Disinfection	Light Duty : 1:20 Heavy Duty : 1:10	A high powered disinfectant cleans, deodorizes and sanitizes in one labor saving step. The concentrated formula is effective for general purpose cleaning and disinfecting. Controls mold and mildew growth and prevents its spreading. Suitable for floors, toilets, sinks & drains. Provides the clean fresh smell of Lemon.
	Disinfection	Light Duty : 1:20 Heavy Duty : 1:10	Disinfectant multipurpose germicidal cleans, deodorizes and disinfects. This concentrated formula is effective for general purpose cleaning and disinfecting. Controls mold and mildew growth. Suitable for floors, toilets, sinks & drains.
	Disinfection	Light Duty : 1:20 Heavy Duty : 1:8	It is a fresh citrus-pine scented commercial grade disinfectant with a powerful cleaning action that leaves surfaces disinfected, clean and with a lingering fragrance. Effective against a wide variety of both gram-negative and gram-positive bacteria, this disinfectant deodorizes as it cleans. Suitable for disinfection of sinks, toilets and urinals.
	Disinfection	Light Duty : 1:20 Heavy Duty : 1:10	General-purpose disinfectant with a fresh smelling Pine fragrance. Helps to overcome offensive odours and deodorizes those hard to manage areas. Kills and prevents the growth of bacteria and other micro-organisms. Suitable for hard surfaces, toilets, waste bins and most other public places.
	Disinfection	Light Duty : 1:30 Heavy Duty : 1:20	It is a high grade antibacterial surface cleaner prepared for the thorough cleaning & sanitizing of all areas and can be used as a very convenient and effective solution to keep the surface clean and get rid of harmful germs that may reside. Recommended for hard surfaces in hospitals where a product of antiseptic quality is required.
	Disinfection	Light Duty : 1:20 Heavy Duty : 1:10	It is a powerful cleaner and disinfectant specially formulated for use on hard washable surface in washrooms. Deodorizes and cleans. Prevents mold and mildew. Germicidal, fungicidal and virucidal. Provides the clean fresh smell. Suitable for urinals, toilets, drains, and all hard surfaces.
	Revitalization Air freshner	Use neat product	SUPER BREEZE air freshener is a blend of high quality fragrances selected to revitalize and eliminates strong persistent malodours and improve your living and working environment. Ideal for use in hotels, pubs and public areas. Long lasting fragrance and convenient use.
	De scaling	Light Duty : 1:20 Heavy Duty : 1:5	SUPER AC 30 is a powerful acid based solvent for removal of thin layer of cement & concrete. Excellent dissolving properties, quick and intrinsic action, removes heavy efflorescence and embedded stains. Field testing shows superior performances over heavily soiled surfaces.
	Intense Cleaning	Light Duty : 1:10 Heavy Duty : 1:5	Thickened Toilet & Urinal Descaler. SUPER TC 30 is used for the daily & routine cleaning of toilet bowls, urinals, sinks & baths and as a diluted solution for general washroom cleaning. Suitable for use on porcelain, vitreous enamel, ceramic & quarry tiles.
	General Cleaning	Light Duty : 1:15 Heavy Duty : 1:8	For bleaching and sanitizing white or color fast Cottons, Linens, Nylon, Dacron, Orlon and Rayon. Deodorizes and protects fabrics and generally helps to whiten and brighten washable fabrics. It acts as a disinfectant on bacteria and viruses. Removes tough stains and also can be used to clean Bathroom, Kitchen, Floors and Ceramic tiles.
	De scaling	Light Duty : 1:20 Heavy Duty : 1:3	A concentrated vehicle cleaner and degreaser formulated from an optimized surfactant blend. Efficiently removes road film oxidation, soot and oil while maintaining the luster of the paint film. Recommended for the commercial and industrial cleaning of vehicles and heavy plants.
	De scaling	Light Duty : 1:20 Heavy Duty : 1:8	SUPER 2000 is an effective cement, stain and rust remover from Glass and Aluminium Panels. Its proven advantage is the provision of immediate penetration and complete dissolution, so that it can be easily wiped out without damaging the surface. The result being thorough cleaning and sparkling surface.
	De scaling	Light Duty : 1:10 Heavy Duty : 1:5	An acid based solvent for cement and concrete. The formulation is especially suitable for easy removal of residual hardened concrete from tools, machinery concrete mixers, ready mix concrete trucks etc. Its proven advantage is the provision of immediate penetration and complete dissolution of cement, the result being a thorough cleaning.
	Cleaning	Light Duty : 1:20 Heavy Duty : 1:10	Cleans the carpets of which fibers become inevitably soiled and dull due to traffic, children, pets and normal wear. Help your carpet retain its freshness & beautiful appearance. Emulsifies dirt & stains and also delays re-soiling. Help to make those hard-to-clean annoyances vanish and improve the inside environment.
	De scaling	Light Duty : 1:10 Heavy Duty : 1:5	SUPER STRIPPER is a powerful alkaline floor stripper. Effective for removing old wax or finish from the floor. Over time, floor finish can turn yellow and can build a haze, floor stripping can get rid of that dull haze and all spots to make it to look new again. Helps to recover the beauty and shine of your floor for many years to come.
	Cleaning	Light Duty : 1:10 Heavy Duty : 1:3	SUPER OVEN TOUCH is formulated for powerful cleaning action which leaves ovens sparkle. Removes burnt-on black food deposits and baked in stains with ease. It makes the shift of built-up grease and grime due to the daily little splashes and spills, quicker and easier. Helps your oven to stay gleaming for long.
	Polishing	Ready to use	SUPER FURNITURE POLISH is a unique and stylish furniture care product which cleans, shines, and prevents fine wood finishes from drying out. Nourish and protect wood furniture and helps surfaces to regain their luster—that healthy and fresh look! Brings back ambience of your home.
	Conditioning	Use neat product	SUPER FABRIC SOFTENER is a liquid fabric softener that will not only soften clothes, it greatly reduces static clinginess in synthetic fibers, and adds a fresh scent that will linger after drying. It works by coating the surface of the thin fibers with a thin layer of chemicals; thus making the fibers feel smoother. Improves iron glide during ironing, increase resistance to stains, and reduce wrinkling and pilling.
	Cleaning	Light Duty : 1:50 Heavy Duty : 1:20	Largely used to remove dust & dirt in auto car washing systems. High foaming. Outstanding Performance which ensures clean and shining vehicle. Won't break down existing car wax or paint sealants already on the car. Encapsulate dirt particles and allow them to be harmlessly rinsed away.
	Polishing	Ready to use	Protects against abrasion, restores luster, leaving deep gloss shine. It helps to protect tyres from fading and cracking and increases its life span. Reduces the dust and dirt attraction and ensure effective shining. Excellent for super darkening !!!
	Dish Washing	Light Duty : 1:100 Heavy Duty : 1:50	A powerful dish wash liquid cleaner with extra citrus power that cuts through heavy kitchen grease, oil and leaves a sparkling shine. Highly-foaming mixture, gentle to the hands and easy rinsing product, ensure perfect cleaning. No residue of unnecessary chemicals left on your dish.

Safety Directions

See Material Safety Data Sheets for more details

Chemical Safety & Handling Procedures

- 1. LABELS:** Ensure the bottle has the correct product in it and correctly labelled. Do not use unlabelled chemicals. Replace any labels, which are damaged or illegible.
- 2. CORRECT USE OF CHEMICALS:** Always use chemicals as per the instructions on the label, product information sheets, Wall charts and on the Material Safety Data Sheet.
- 3. READ THE MSDS BEFORE YOU USE ANY CHEMICALS:** Not all the information you need is on the label. It is your responsibility to always know where the chemical register is kept.
- 4. CHEMICALS – SAFE HANDLING:** Do not mix chemicals, (It's hazardous and can be counter productive). Do not "Top Up", (It's hazardous and can lead to cross contamination). Always use a clean empty container. Do not overdose.
- 5. RETURN CHEMICALS AFTER USE:** When finished with chemicals, wipe down the bottle and store away safely in chemical cupboard.
- 6. ALWAYS WEAR APPROPRIATE PROTECTIVE CLOTHING:** (i.e. Aprons, Gloves, Goggles or Glasses, Safety Footwear, Masks, etc (As per the MSDS)).
- 7. REPORT ALL SPILLS, ACCIDENTS & ILL EFFECTS:** Ensure Spill Kits are available and easily accessible. Remove spills as per MSDS directions. If unable to contain spills safely activate code YELLOW.
- 8. FIRST AID KIT:** First Aid Kits should be easily accessible
- 9. NEVER STACK CHEMICALS MORE THAN 2 DRUMS HIGH:** Stacking Chemical drums and boxes more than 2 high is unsafe and may fall causing damage. It is advisable to store powders above liquids.
- 10. IF IN DOUBT THROW IT OUT:** If you are not sure of a product, label, etc. Do not use it, notify your supervisor so it can be disposed of properly.
- 11. OBSERVE SAFE OPERATION OF DISPENSING EQUIPMENT:** Ensure all staff knows how to operate chemical-dispensing systems safely.
- 12. USE OF CONTAINERS:** Seal containers when not in use. Do not open damaged containers, return them or seek advice from your supplier.
- 13. HYGIENE:** Always wash your hands after using chemicals, (even if gloves were worn).
- 14. VENTILATION:** Ensure there is adequate ventilation in the storeroom and when using the chemicals.
- 15. SAFETY:** If in doubt as to the correct use of the chemical, DO NOT USE.
- 16. SMOKING:** Do not smoke anywhere near the chemicals or whilst you are using the chemicals.
- 17. FOOD SAFETY:** Do not use any chemicals near food.
- 18. CORRECT CHEMICAL, CORRECT JOB:** Always use the right chemicals for the right job
- 19. PERSONAL PROTECTIVE EQUIPMENT:** Always use and clean safety equipment after use.
- 20. MOST IMPORTANTLY USE COMMONSENSE:** We must all take every precaution when using chemicals to ensure that individual safety and responsibility is optimised.

ALWAYS READ PRODUCT LABELS BEFORE USE.

No liability is accepted for any loss or damage arising directly or indirectly from the use of the Company's products, or from the use of the information given in its publications. Prospective users should therefore satisfy themselves by appropriate trials that the product to be used is suitable for the intended use and that such use will not infringe any patent.

Safety Directions

See Material Safety Data Sheets for more details

First Aid with Cleaning Chemicals

Eyes

Hold eyes open and flood with water for 15 minutes. Seek medical attention immediately. Refer to Material Safety Data Sheet.

Skin Contact

Remove contaminated clothing and wash affected area thoroughly with water. Refer to Material Safety Data Sheet.

Inhalation

Remove to fresh air, if patient is not breathing, ensure airways are clear and apply artificial resuscitation. CAUTION - Do not inhale the patient's exhaled air. Seek medical attention immediately and refer to Material Safety Data Sheet.

Ingestion

Consult the label and Material Safety Data Sheet. Then contact the Poisons Information Centre or seek medical attention immediately.

For Corrosive Products

DO NOT INDUCE VOMITING. Give a glass of water and seek medical attention immediately.

SUPER MULTI-PURPOSE CLEANER

SUPER MULTI PURPOSE CLEANER is a unique revolutionary cleaner and safe for use on a variety of surfaces for a multitude of cleaning problems. Specially formulated to cut through grease, dirt, grime, and fatty deposits quickly and efficiently and it penetrates and loosens organic soiling. Suitable to use for everyday cleaning tasks, as well as, heavier duty challenges. The Canadian formula helps you to achieve professional results. Ideal for all your cleaning needs since it's versatility is amazing. So no need to buy fifty different products for fifty different jobs, when all you need is SUPERCLEAN. It will save money and time..
